

Closer than Friends: A Fun Friends to Lovers Millionaire Pregnancy Contemporary Romance (Alpha Male Bad Boy Romance)

Can best friends become lovers without ruining the friendship? Augusta Auggie Walker has known Jake Stone since she was a little girl. She could always be found under a tree with a book in her hands and Jake at her side. These days Jake is all grown up and Auggies feeling more than a best friend should. When she gets her Cinderella night with him, will it be just one night or the start to something more? Jake Stone should have gone into the family business instead of starting his own video game company. He should have been happy when his first game became a worldwide bestseller and he made millions, instead he set his aim on achieving two bestsellers. He should have fallen in love with a ditzy socialite and his life would have been easy. Instead he fell in love with his best friend Auggie and almost screwed it up. When one night together turns into something more, will Auggie and Jake be able to set aside their differences and focus on what matters most?
