

The Elegance of Ruthlessness: How to Defeat ISIS and Regain U.S. Dominance in Military Evolution

What is The Elegance of Ruthlessness? How can a pejorative like ruthlessness be considered elegant? Because it works. Ask ISIS or al Qaida. Ask the mafia. Ask cyber and economic warfare leaders like China and Russia. The Elegance of Ruthlessness is St. James third novel, but a complete departure from his previous action-adventure works. In this groundbreaking story, Thomas St. James spins an elaborate allegory applying lessons learned from 21 years working for the military. Though set in the mountains of Eastern Afghanistan, the principles in this military science book can be applied to any theater. Thomas St. James has one goal - to urge American military practitioners of warfare to once again lead the evolution of warfare for the safety and security of the USA.
