

## Black Tales for White Children (Classic Reprint)

Excerpt from Black Tales for White Children Many hundreds of years ago Arab sailors began to explore the east coast of Africa, being driven southwards in their sailing vessels by the northerly winds or monsoons of one part of the year and returning to their homes by the help of the southerly winds of the other half of the year. As trade with the coast grew, Persians and Arabs founded settlements on the coast, and the numerous islands and towns and kingdoms grew up. These original settlers mixed with the black races of the interior, and it is from this mixture that the people now called Swahili have sprung. The word Swahili, or Sawaheli, comes from the Arabic word Sawahil, meaning coast, and hence the east coast of Africa. A language derived partly from Arabic and partly from several African Bantu tongues came into being. This is called Kisawaheli, or the Swahili language, and different dialects of it are spoken practically the whole length of the East African coast and the islands close to it. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
