

# French Rural History (Routledge Revivals): An Essay on its Basic Characteristics (Routledge Revivals: Selected Works of Marc Bloch)

First published in Britain in 1966, French Rural History is a study initially given as lectures in Oslo in 1929. It focuses on the fundamental problems of French agrarian history and places them in true perspective. Throughout the work, Marc Bloch analyses the issues in all their complexity and treats them practically, as would a man who was both a historian and a farmer. The work has been celebrated as a work of historical sociology, full of personality and unmistakable insight.
