

WARNING : This is a Shifting Perspective MM Werewolf Romance That Leaves VERY Little To The Imagination.. MASON Mason Calhoun led a double life. By day he was an successful investment banker. By night he was the head of a pack of wolves. When both worlds became overwhelming at once, he merely wanted a night off. What he got was so much more. CALEB Caleb was exactly the type of guy that Mason would choose. Shy, nerdy and still hot-- Caleb would make the perfect escape from a crazy life. At least for one night. What neither expected as they left the bar was that the connection they'd felt would only grow stronger and pull them closer together. When Caleb disappears, Mason begins to wonder if his secret is out of the box. Instead, he finds out that Caleb has a secret of his own to share.
