

## Harvest at Mustang Ridge: Mustang Ridge, Book 3

With guest season about to start at the ranch, Krista Skye needs to track down a new head wrangler fast. Unfortunately the best man for the job is the last person Krista wants to see - Wyatt Webb, the college sweetheart who left her behind. Wyatt has major reservations about working with Krista as well, but he has his own reasons for wanting to stay in town. Although Krista and Wyatt are all business at first, sparks fly as they work side by side, preparing for an upcoming country fair. Even though rekindling their relationship brings up painful memories, they're not the same people they used to be, and neither can deny that there's still something special between them. They have one last opportunity to save a good thing before it's too late, but one of them will have to find the courage to take a chance on love.
