

The Saving of Ireland: Industrial, Financial, Political (Classic Reprint)

Excerpt from The Saving of Ireland: Industrial, Financial, Political I publish the following facts and reasons in the hope that primarily they may assist in paving the way for the passing of a sound Local Government Bill for Ireland, and ultimately in securing the industrial, financial, and political salvation of Ireland. By-elections clearly prove that Home Rule is the one plank to which the shipwrecked Gladstonians must cling. Mr Gladstone's unequalled genius has stereotyped Home Rule in his three Bills. Unionists will desire to have the condemnation of Home Rule also stereotyped for reference. Comment is made that the great leaders of either party have refrained from declaring definitely on the question of the financial relations.
