

Out of the Blue (Red Dress Ink (Numbered Paperback))

Faiths sunny life just got a little bit cloudy... Faith, the face of AM-UKs morning weather, is used to delivering the forecast. But this surprisingly unglam celeb is not used to being told the forecast--especially when it concerns her own marriage. After years of wedded bliss, there isnt much about her husband, Peter, that this thirty-five-year old doesnt know. In fact, her quiet family life seems almost too comfy...until a casual remark from Faiths ultra-glam best friend plants a seed of doubt that takes root and strangles all sense of Faiths contentedness. Faith begins to assess everything about her mild-life--snippets of conversation, Peters surprising new look, the attentions of a handsome new acquaintance and the small fire burning inside her, licking at the possibility that, out of the blue, her life is about to change....
