

Human Resource Management in Russia (Contemporary Employment Relations)

Investigating Human Resource Management issues in Russia, this book looks at the current state of Human Resource practice within Russian enterprises, its various problems and possible solutions. Following a detailed introduction into the current economic developments taking place in Russia, the book examines the new role of the HR department in Russian enterprises, and the influence of national politics on HR practice. The book also discusses key HRM issues such as recruitment and selection, training and development, payment and compensation, before surveying the various HR problems encountered by multinational companies working in Russia.
