

Science of Theocratic Democracy (Classic Reprint)

Excerpt from Science of Theocratic Democracy This book is sent forth to break the way to definite ideas as to what we may be supposed to mean when we pray the commissioned prayer, Thy kingdom, come, thy will be done on earth, as it is in heaven Dedicated in no sense as a fixed and final word upon the subject, but rather as a pathfinder to the mind of God concerning the government of human society, the work seeks to reach open-mindedness and the candid opinion of one and all. It is published as a tarot book for the extension course of study for the year 1920, by the unanimous direction of the Collegiate churches of Central Michigan Jackson, Parma Federated, Sandstone Union Congregational, and North Presbyterian Societies. It is provided in the plan for the study of the book to give public audience to statesmen educators, political philosophers, manufacturers, bankers, business men in general, farmers, lawyers, magistrates, labor leaders, and others. Open discussion will be had from week to week throughout the year, to bring to Tight, so far as possible, such conclusions of value as might be termed the logical platform of the kingdom of God. Churches and communities of the state and nation will be heartily welcome to join with us in the American Victory Circle which has been incorporated to study the plan of Gods government for the nations of the earth.
