

## Silken Secrets (Silken Edge Series Book 4)

Can the bonds formed between high school friends survive separation and a taste for darker desires? Devon and Troy were good friends in high school and fellow musicians, a bond that remained even after Devons stint in the Army. Their relationship with their close friend Cindy ended abruptly, despite the firsts that she shared with Troy and the obvious affection she had for Devon. The guys have changed, and now their casual garage band is the successful group known as Sinful Souls. When Cindy finally meets them again, the guys discover that Cindy has also changed, and the only man she is going to accept into her life and her bed will have to explore the kinkier aspects of sex that she craves. Will either man be willing to share in her lifestyle or is what they had only a fond memory?
