

Delicious (Buchanan Saga Series)

Menu Appetizer Cal Buchanan needs a top-flight chef to take over his failing Seattle restaurant, The Waterfront. He can afford to hire the best in town ? the only problem is that the best happens to be his ex-wife, Penny Jackson. Entree Penny really needs this opportunity, but she doesnt need the distraction of working with her ex. Shes sworn off romance ? shes even having a baby on her own. But before she knows it, the heat is on and the attraction between her and Cal moves from a low simmer to a full boil! Dessert The rest should be easy as pie, but a secret from Cals past could spoil everything. Maybe its true that too many cooks spoil the broth - or maybe two is enough to make it irresistible.
