

Tales of the Fifth Guardian; Volumes 4 - 6

This book combines Books 4 - 6 of the Tales of the Fifth Guardian series: In Tales of the Fifth Guardian; Book Four: Roderick Unexpected allies and old animosities are reborn as Kerrisha and her men follow the Power to Rodericks Fortress. Can they accept what the Power wants when everything in them as Tesha wants to protect her by running? In Tales of the Fifth Guardian; Book Five: Ascension We join Kerreth and Kerrisha on the morning of their wedding and coronation anniversaries and then the week long celebration culminates in an announcement about Kerrishas involvement with Security that could place her in even more danger. Finally, their time of Ascension is approaching but what secret is behind the Memory Blocks that must fall first? In Tales of the Fifth Guardian; Book Six: Thoran The vision that terrified Kerrisha at the end of Ascension comes to pass as Brindons attacks on the Tower continue and, Kerrisha plans a mission in an attempt to stop them. But is it enough? And can spending so much time among the Lost Clans really come without a cost? An Otlantesha Dictionary and Pronunciation key is included at the back of the compiled volume. Caution: Contains Mature Scenes and Recommended for Readers 18+ This volume contains scenes of violence that may affect sensitive readers.
