

The Poor Relation

Impoverished, Chloe Woodforde is a companion for her great aunt who is an eccentric tippler. They are invited to a house party, where, without London's restrictions, Chloe walks her aunt's Yorkshire terrier. She blunders into Viscount Camden during his clandestine activities. As circumstances throw them together, Chloe cannot deny her growing feelings for Camden, a renowned rake, but knows he is not for her. Oliver Camden, an agent for the Crown, is recruited to discover a British traitor and French agents and prevent stolen documents from falling into the wrong hands. He rescues Chloe when she unwittingly encounters the French agents. Never one to dangle after an innocent, Camden, however, is drawn to Chloe's beauty and integrity and finds himself seeking out her company.
